If the birth occurs in any hotel, rooming or boarding house, or in any private dwelling or apartment other than the home of the parents, the keeper or occupant shall immediately notify the local registrar of that fact. The local registrar shall then procure the necessary information and the signature for a proper certificate of birth.

The state registrar shall place the original certificate of birth and all papers pertaining to the new certificate of birth under seal. Such seals shall not be broken except by order of a court of competent jurisdiction or on written order of the state registrar. Thereafter, when a certified copy of the certificate of birth of such a person is issued, it shall be a copy of the new certificate of birth, except when an order of a court of competent jurisdiction shall require the issuance of a copy of the original certificate of birth.

Upon receipt of a certified copy of a court order of annulment of adoption, the state registrar shall restore the original certificate.

The person certifying to the birth of an illegitimate child shall report such birth direct to the state registrar. The state registrar shall furnish the local registrar with an abstract of such birth containing the legal surname of the child, with the date of birth and sex of the child, directing that in case of inquiry, the local registrar shall refer such inquiry to the state registrar.

176M360, 223NW677; note under §5366.

The medical certificate of death is not admissible in litigation between private parties, to prove the "indications" or inferences of murder, suicide, or accident, drawn by the certificate maker from the "means and circumstances" of a violent death. *Backstrom v. N.*, 183M384, 236NW708. See Dun. Dig. 3347(62), 3348(67).

In action on accident policy, death certificate made by attending physician and filed was not conclusive, but could be contradicted, and when shown to be hearsay would have no probative value. *Milliren v. F.*, 185M614, 242NW290. See Dun. Dig. 3348, 3349.

Under c. 272, Laws 1915, as amended by c. 404, Laws 1919, and modified by c. 280, Laws 1921, coroner of Hennepin county or a deputy coroner is required to investigate violent, mysterious, and accidental deaths, and may order an autopsy when and where he deems proper, but order directing an autopsy did not conclude plaintiff, and she had right to show that autopsy was unauthorized or that it was improperly made, and this being construction placed on statutes, it cannot be claimed that they are in violation of due process clause of state or federal constitutions, nor violative of constitutional provision prohibiting special legislation, nor are their titles defective. *Kingsley v. F.*, 192M468, 257NW95. See Dun. Dig. 2599.

Certificate of undertaker was rightly excluded as of no probative force on issue tried—it being palpably hearsay of deputy coroner not a physician. *Miller v. M.*, 193 M497, 270NW559. See Dun. Dig. 3348.

In cases of accidental drowning, no inquest is necessary, but it is probably best to have coroner sign death certificate, and in absence of coroner, a private physician called upon finding dead body, could not make a certificate because he was not in attendance at time of death. *Op. Atty. Gen.* (103f), July 11, 1939.

5358. Duties of local registrars.—The local registrar shall endorse on each certificate of birth and death filed with him the number of his district, the number of the certificate, in consecutive numbers, beginning with number one (1) for the first birth and the first death in each calendar year, the date when filed with him, his postoffice address, and subscribe the same. He shall record such certificates in a suitable record book and, on the fifth day of each month, transmit to the state registrar all original certificates filed with him during the preceding month. If no births or no deaths occurred in his district, within his knowledge, during any month, he shall report that fact to the state registrar on the fifth day of the following month. When required by the state registrar he shall supply any information, or data, necessary to make a complete record or to facilitate the administration of the provisions of this act. (As amended Mar. 28, 1939, c. 89, §3.)

5361. Interment, duties of persons in charge of places of.—The body of any person dying, or found dead, in this state, or the body of a still-born infant, shall not be interred, cremated or otherwise disposed of, or removed from one registration district to another, or held for more than seventy-two hours after death, unless and until a proper certificate of death has been filed and a permit issued as provided for by this act. Provided, that in any cases where it is

impossible to secure such certificate or permit without delay, the state registrar may permit the attending embalmer or funeral director to remove the body to another registration district on the condition that such certificate and permit will be secured and properly filed before the body is buried, cremated, further transported or otherwise disposed of. Where there is a person charged with the care or supervision of a cemetery, burial place or other premises where human bodies are interred, cremated, or otherwise disposed of, the name of such person and his address shall be posted in a conspicuous place at the entrance of such premises. He shall not inter, nor permit the interment, cremation, or other disposition of the body of a deceased person until he receives a burial permit as herein provided. He shall keep a record of all interments, or other disposition of the body, made on the premises under his charge, stating the name of the deceased person, place of death, date of burial or cremation and the name and address of the undertaker. Such record shall be open to public inspection at all times. (As amended Mar. 28, 1939, c. 89, §4.)

A body buried in part of cemetery set aside for use of entrance by unknown persons without authority of cemetery authorities should not be removed to a different part of cemetery without attempt to obtain consent of nearest of kin or without order of court. Op. Atty. Gen. (870d). May 14, 1937.

5365. Fees of local registrars—Tabulations, etc.— Each local registrar except those acting in cities which have a population of more than 100,000 shall receive, from the county in which his district is located, a sum of twenty-five cents for each birth and each death certificate. He shall receive the same fee for each monthly report card of no births or deaths having occurred in his district to his knowledge, providing such card is received by the state registrar before the fifteenth of the month following that to which it applies. Annually, on or before the first day of April, the state registrar shall tabulate all the facts shown in the returns of local registrars, except those acting in cities which have a population of more than 100,000 as having occurred during the preceding year, and transmit to the clerk of the district court of each county a certified copy of such tabulation, so far as the same relates to the vital statistics of such county, and each clerk of the district court shall file, index and preserve such certified copy, and the same shall be prima facie evidence of each and every fact contained therein. Such tabulation shall show the whole number of births and deaths, and reports of no births or deaths having occurred, transmitted by each local registrar during each year, but no fee shall be paid for "no report" cards if a report of a birth or death for that month is received later.

Upon the receipt and the filing of such certified copies the clerk of court shall issue to each local registrar within his county a voucher for the amount due him as shown by such tabulated statement. Upon the presentation of such voucher to the county auditor, a warrant for the amount thereof shall be issued by him. The forms of indexes and indexing shall be prescribed by the state registrar and made in a suitable book furnished at the expense of the county. All statistics of birth and deaths shall be so indexed without other compensation than the clerk's salary, except, that in counties where the clerk is not on a salary basis he shall be paid five cents by the county, for each name so indexed.

Whenever it satisfactorily appears to any clerk of court in Minnesota that a birth or death record on file in his office contains errors or omissions, or is false in some respect, he may attach a statement of the true facts to the same, when authenticated by an affidavit made by a person presuming to know the fact or facts, which affidavit is to be filed with said clerk and made a part of the original record. He shall immediately furnish to the state registrar copies of such affidavits.

A. Whenever the clerk of the district court shall report to the state registrar that a judgment has been entered determining the paternity of an illegitimate child, the state registrar shall record the name of the father, and sufficient data to identify the judgment, in connection with the record of the birth of the child appearing in his office, and also in connection with the record of the death of the child, if there be such record. A report by the clerk of the subsequent vacation of such judgment shall be recorded in like manner.

Likewise whenever any District Court shall enter a judgment that any person named on a birth certificate or death certificate, as the father of an illegitimate child, is not in fact the father of such child, the clerk of such court shall forward to the state registrar and to the local registrar of the district in which such birth or death is reported, a copy of its judgment; whereupon, it shall be the duty of such registrars to make such corrections as to the statement of paternity on such birth or death certificate, and to attach to the original, or to his record of the original, a copy of such judgment.

Whenever any court of competent jurisdiction shall have made findings in relation to the true status of a child whose birth certificate is incomplete or inaccurate or false, the state registrar shall prepare and file a new certificate setting forth the true information.

In the event it shall appear that a certificate of birth shall have been filed in behalf of a child said to be legitimate and such fact shall be controverted in the proceedings in any court of competent jurisdiction, the court shall hear all evidence pertaining to such fact and shall make its findings accordingly. In the event of the findings that a child whose birth is recorded as legitimate is in truth and in fact an illegitimate child, the court shall so certify and the state registrar shall prepare and file in behalf of such child a new certificate pursuant to such findings which shall be deemed to be the original from thenceforth, and the original certificate shall be preserved by the state registrar as in other cases hereinbefore provided.

B. Except when so ordered by a court of record no member of the state board of health, nor any state or local registrar, nor any person connected with the office of either, shall disclose the fact that any child was illegitimate, nor disclose the fact that a new certificate has been filed for an adopted child. The district court shall have jurisdiction, upon petition against and notice to the state registrar, to issue such orders permitting or requiring the inspection of records of births and deaths, as to it may seem just and proper, and the making and delivery of certified copies thereof.

C. The birth and death records of the State Board of Health shall be open to inspection by the State Board of Control or its designated agents at all times, and it shall not be necessary for said Board of Control to obtain an order of court in order to inspect records of illegitimate children and new certificates filed for adopted children, or to secure certified copies thereof.

D. Whenever the parents of a child whose birth has been reported to the State Board of Health as illegitimate shall marry each other and when the father of such illegitimate child shall execute an affidavit that he is the father of said child and that at a certain specified time he married the mother of said child and shall mail said affidavit to the state registrar then the state registrar shall amend the birth record of such child so as to indicate the child is a legitimate child and certified copies thereof may be issued without a court order. The state registrar shall report to the local registrar the legitimation of said child by the marriage of his parents to each other and the local registrar shall note upon his records the fact that the child is legitimized and record the name of the father. The state registrar shall in-

clude in his annual report to the clerk of district court of the county a copy of said affidavit of the father legitimizing said child and the said clerk of court shall file said affidavit and enter on his records the name of the father and the fact that such child is legitimized. For the making and certification of which the registrar shall be entitled to receive a fee of fifty cents, to be paid by the applicant. Such a copy of the record of a birth or death, when certified by the state or local registrar to be a true transcript therefrom shall be prima facie evidence of the fact therein stated in all courts in this state. The state registrar shall keep a correct account of all fees or moneys received by him under the provisions of this act, and pay the same over to the state treasurer at the end of each month.

In cases where a record of birth of a child is required for a specific purpose only, the state registrar shall have power to issue a certificate setting forth the name, the place and date of birth of such child, and any other facts pertinent to the purpose for which the certificate is to be issued. Such certificate shall be evidence in any court upon the facts so recorded. (As amended Mar. 28, 1939, c. 89, §6.)

Such appraisal shall in no case exceed \$100 for a cow and \$125 for a horse, except in the case of pure bred cattle and horses where the pedigree shall be proved by certificates of registration from the herd books where registered, and in which case the maximum appraisal shall not exceed \$200.00.

11. No indemnity or compensation shall be paid for the destruction of any livestock affected with tuberculosis, paratuberculosis, glanders, or Bang's disease, unless the entire herd of which such affected livestock is a part, or from which such affected livestock has originated, shall be examined and tested under the supervision of the board, in order to determine if they are free from such disease.

12. No indemnity or compensation shall be paid for the destruction of any livestock affected with tuberculosis, paratuberculosis, glanders, or Bang's disease, unless the owner has carried out the instructions and regulations of the board relating to the cleaning, disinfection and rendering the stables and premises in a sanitary condition, within 15 days from the time of removal of such animals from the premises, except when because of inclement weather or other extenuating circumstances, the time may be extended by the executive officer of the board.
